La Cita Golf & Country Club is committed to providing an enjoyable, safe, respectful, and welcoming environment for all members, guests, and visitors.

All members and guests are expected to respect the golf course, club facilities, employees, fellow golfers, and the rules established by Club Management. Cooperation with these guidelines helps preserve the quality of the course and ensures a positive experience for everyone.

12. Golf carts must be operated safely and responsibly. Reckless driving, excessive speed, and any operation that endangers people or damages property are prohibited.

2. PACE OF PLAY & GOLFING ETIQUETTE

All players are expected to contribute to an enjoyable and timely round of golf.

1. Maintain an appropriate pace of play and keep up with the group ahead.
2. If your group falls behind and a significant gap develops between your group and the group ahead, allow the following group to play through when safe and appropriate.
3. Be ready to play when it is your turn and avoid unnecessary delays.
4. Each player must play with and use their own golf bag and clubs.
5. Show consideration for fellow golfers by avoiding unnecessary distractions and maintaining an appropriate pace throughout the round.

3. COURSE CARE & ETIQUETTE

Protecting the golf course is everyone's responsibility. All members and guests are expected to leave the course in excellent condition for those who follow.

6. ACCESSIBILITY & SPECIAL ACCOMMODATIONS

La Cita Golf & Country Club recognizes that reasonable accommodations may be necessary for members and guests with physical challenges or accessibility needs. The Club is committed to handling accommodation requests respectfully and with appropriate consideration for individual needs.

1. Requests for reasonable accommodation should be coordinated in advance, whenever possible, through Golf Operations.
2. Members and guests who require special golf cart accommodations due to a physical disability or mobility limitation may be issued a blue flag to display on their golf cart, subject to the Club's accommodation procedures.
3. The blue flag identifies a golf cart approved for an accessibility accommodation and helps Golf Operations staff recognize the cart when applying applicable course and cart-traffic regulations.
4. A blue flag does not automatically exempt a golf cart or its occupants from safety requirements, posted restrictions, Cart Path Only rules, roped-off areas, or other course-protection measures. Exceptions may be made only when specifically authorized by Golf Operations or Club Management and consistent with applicable accessibility requirements.
5. Blue flags are issued and managed by Golf Operations and must be returned when the cart is no longer being used for the authorized accommodation.
6. All accommodation requests and arrangements must be handled respectfully, with consideration for the individual's privacy, safety, dignity, and needs.

7. COMPLIANCE & ENFORCEMENT

All members and guests are expected to comply with this Code of Conduct and follow the reasonable instructions of Club Management and authorized staff.

Club Management reserves the right to interpret and enforce these regulations in the interest of protecting the golf course, club property, and the experience of all members and guests.
